

Can You Help??

Do you have an old laptop or tablet?

Computer Friendly

The Queen's Award
for Voluntary Service

Computer Friendly – a local charity which normally runs face-to-face IT courses but obviously can't at the moment – has a small team of volunteers recycling old machines and giving them to people who need them - especially families with children who are having to learn online.

What about my personal data?

We might remove the laptop hard drive and destroy it! If you need advice to save your data before donating it, please get in touch.

What devices can I donate?

LAPTOPS (PC & Macbook)

Less than 10 years old

Will start up

Runs Window 7, 8 or 10 (PC)

Has its power adapter

TABLETS (iPads and Android)

Will start up (Please do a factory reset if required to erase all data before donating)

DESKTOPS (PC & iMac)

No thank you - they are too bulky for us.

Laptops and tablets which don't meet the requirements could still be useful for spare parts as would USB mice, power adapters etc.

Who do I contact?

Phone: 01727 617359

Monday, Wednesday and Friday between 10am and 1pm. Answerphone at all other times.

Email: recycle@computerfriendly.org.uk

Website: www.computerfriendlystalbans.org.uk

Thank you
